

MandarinBridge User Manual

Getting Started

Creating an Account

1. Visit the MandarinBridge website: <https://mandarinbridge-1.onrender.com/>
2. Click "Register" in the navigation bar
3. Fill in:
 - Full Name
 - Email address
 - Password (8+ characters, includes letter and number)
 - Your Mandarin level
4. Click "Create Account"

The screenshot shows the 'Create Your Account' page on the MandarinBridge website. The navigation bar at the top includes 'Home', 'Login', 'Register' (highlighted in red), 'Dashboard', 'About', and 'Support'. The main heading is 'Create Your Account' with a subtext: 'Join MandarinBridge to track your level, save progress, and access structured lessons.' The form contains four sections: 'Full Name' with a text input field labeled 'Your name'; 'Email' with a text input field labeled 'student@example.com'; 'Create Password' with a text input field labeled 'Create password'; and 'Mandarin Level' with a dropdown menu currently set to 'Beginner'. A red 'Create Account' button is at the bottom of the form. Below the button, it says 'Already registered? Login'.

Logging In (if you already registered)

1. Click "Login" in the navigation bar
2. Enter your email and password
3. Click "Login" to access your dashboard

The screenshot shows the 'Login' page on the MandarinBridge website. The navigation bar at the top includes 'Home', 'Login' (highlighted in red), 'Register', 'Dashboard', 'About', and 'Support'. The main heading is 'Login' with a subtext: 'Welcome back. Sign in to reach your dashboard, saved progress, and lessons.' The form contains two sections: 'Email' with a text input field labeled 'student@example.com' and 'Password' with a text input field labeled 'Enter password'. A red 'Login' button is at the bottom of the form. Below the button, it says 'Need an account? Register'.

Dashboard Overview

Your dashboard is your learning hub. From here you can:

- Access Learning Modules
- Take Quizzes
- Practice with Chatbot
- Track Progress

Student Dashboard

This dashboard is the main hub after login. It connects students to lessons, quizzes, chatbot practice, and progress tracking.

Lessons
Learning Modules
Start structured vocabulary, grammar, and pronunciation practice.

Assessment
Quiz
Check understanding with short assessments.

Practice
Chatbot
Practice simple Mandarin conversations.

Tracking
Progress
Review progress, reports, and completed learning goals.

Learning Modules

Vocabulary

- Learn new words with pinyin and examples
- Categories: greetings, everyday phrases

Vocabulary

Vocabulary lessons introduce words, meanings, pinyin, and example usage.

Ni hao
Hello
A simple greeting for beginning conversations.

Xie xie
Thank You
A polite expression used in everyday situations.

Zai jian
Goodbye
A common phrase used when leaving a conversation.

Grammar

- Understand sentence structure
- Learn question patterns and word order

Grammar

Grammar lessons explain simple Mandarin sentence patterns using short examples.

Subject + Verb + Object
Example: I study Mandarin.

Questions
Learn how question particles can turn statements into questions.

Word Order
Practice keeping sentences clear and natural.

Pronunciation

- Practice the four Mandarin tones
- Listen and repeat exercises

Pronunciation

Pronunciation practice focuses on pinyin, initials, finals, and Mandarin tones.

Four Tones

Practice tone shape and meaning changes.

Pinyin

Connect Romanized spelling with Mandarin sounds.

Speaking Drills

Repeat short words and phrases to build confidence.

Taking a Quiz

1. Click "Quiz" from the dashboard
2. Search or filter questions by category
3. Select your answer for each question
4. Get immediate feedback
5. View your final score

All Categories ▾

Question 1 / 15

Shopkeeper: 你好! 你想买什么?
(What would you like to buy?)

我是学生。

我想买咖啡。

我今年二十岁。

Getting Help

- Visit **Support** for FAQs
- Use **Contact Us** to message the team
- Check **FAQs** for common questions

FAQs

Frequently asked questions help students understand how to use MandarinBridge.

Do I need an account?

Yes. Creating an account saves your level, lesson progress, and quiz history across visits.

How do quizzes work?

Quizzes reinforce recent lessons. Take them anytime from the dashboard to see what to review next.

Can I track progress?

Open Progress to view completion bars and reports for vocabulary, grammar, and pronunciation.

Logging Out

Click the "Logout" button in the navigation bar

System Requirements
